

Do you pay taxes to the State of Arizona? Would you like to direct where those tax dollars go? The State of Arizona offers taxpayers the opportunity to do just that while reducing state income tax liability dollar for dollar.

We now offer a secure way to make and track your AZ tax credits. When you use this website: www.aztaxcreditfunds.com/#johnlebbscpa, we will automatically be notified of your donations! This site helps track the maximum for each category of credit.

There are several credits available. Below are descriptions of each credit and the maximum contribution amount. When we prepare your tax return, we will need the receipt from the charity to ensure you receive the appropriate credit unless you make contributions through our new partner.

Donations for credits can be made until April 15th of the following year. For example, donations can be made for 2021 tax credits until April 15, 2022, if the credit is marked for 2021*. If you donate the maximum for each credit, the total credit for 2021 will be \$5,035.
